Katle Lawrence, who salled for Europe on Saturday, is to return here next season. She was very pleased with New York, as most variety artists seem to be. Bessie itonehill will also come back next year, but Miss Bone-hill, if you please, is going to star.

A new comedy called "Cupid in Congress" is being written by Tesdy Marks and Fitz-gerald Murphy. This will be Mr. Marks's debut as a playwright, and if he be as good in that direction as he is in other theatrical capacities his play will be a big success.

Another surprise, though of a far different nature, is the statement that Julia Hall, who recently returned to her home in New Canana after an absence of two days, during which time hearly every man, woman and child in the village scarched for her, was all the time secreted in a carriage in her father's barn.

up, as the club says it will find a corking good man to line up against Griffen, and that he will be an importation, too. The next event at the Club will be on Wednesday, inc. 28, when three lively bouts are on the card. The figurantes are Rully Plimmer and Joe McGrath for the bantain weight championship of the world; Hilly Leedom and Jack McGe eight rounds at 154 pounds, and Sullivan and Boyle ten rounds at 105 pounds. The show will begin at 8 o'clock, a half hour earlier than usual, and the prices are \$3, \$5 and \$9,25 for box seats.

For stage realism amateurs can give protessionals a few points. The local dramatic club in a Western town produced a play, in the course of which the heroine stabs the villain with a trusty tin dagger. A real dagger was used on the evening of the performance, and carried away with enthusiasm the heroine plunged it into the villain's side, making a serious wound, which parrowires. making a serious wound, which narrowly escaped his heart. He will probably recover.

It is safe to say that in nine cases out of ten where a person is killed by the didn'tknow-it-was-loaded accident the shooter could not hit the traditional barn door if the pistol or gun were fired in a legitimate way. I base this assumption on the fact that any one at all accustomed to the use of firearms would not point an empty gun even at a dog. The latest accident comes from Pennsylvania, where a nineteen-year-old girl shot her aunt dead while fooling with a revolver.
